# Independent Auditors' Report

The Board of Directors Conference on Jewish Material Claims Against Germany, Inc.:

We have audited the accompanying financial statements of the Conference on Jewish Material Claims Against Germany, Inc. (the Claims Conference), which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the financial statements referred to above present fairly in all material respects, the financial position of the Conference on Jewish Material Claims Against Germany, Inc. as of December 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended, in accordance with U.S. generally accepted accounting principles.

#### Other Matters

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The fund information included in the statements of financial position and statements of activities is presented for purposes of additional analysis of the financial statements rather than to present the financial position and changes in net assets of the individual funds, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# (1) Organization and Summary of Significant Accounting Policies

# (a) Organization

The Conference on Jewish Material Claims Against Germany, Inc. (the Claims Conference) was founded in 1951 by 23 international Jewish organizations to represent world Jewry in negotiating for compensation and restitution for victims of Nazi persecution and their heirs. The Claims Conference administers compensation funds, recovers unclaimed Jewish property in the former East Germany, allocates grant funds to institutions that provide social welfare services to victims of Nazi persecution, and preserves the memory and lessons of the Holocaust. It maintains primary offices in Frankfurt, Germany; New York, New York; and Tel Aviv, Israel. In addition, the Claims Conference maintains several smaller satellite offices. The activities of the Claims Conference are more fully described in the following notes to financial statements.

### (b) Basis of Presentation

The accompanying statements of activities are presented in total by programmatic activity. To ensure compliance with restrictions placed on the use of resources available to the Claims Conference, its accounts are maintained in accordance with the principles of fund accounting. This is a procedure by which resources are classified for accounting and reporting purposes into funds established according to their nature and purposes. Net assets and revenue, gains and losses are classified based on the existence or absence of grantor-imposed restrictions. Accordingly, net assets are classified and reported as follows:

Unrestricted net assets – net assets that are not restricted by grantors or where the grantor-imposed restrictions have expired. As reflected in the accompanying statements of financial position, the Claims Conference's Board of Directors has designated a portion of the Claims Conference's unrestricted net assets for various purposes.

Temporarily restricted net assets – net assets subject to grantor restrictions that permit the Claims Conference to expend the assets as specified. The restrictions are satisfied either by the passage of time or by actions of the Claims Conference in accordance with those specified by the grantor. Restricted grants whose restrictions are met in the same reporting period are reported as increases in unrestricted net assets.

# (c) Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of investments and collectibility of receivables.

Notes to Financial Statements December 31, 2016 and 2015

(d) Foreign Currency Translation

The Claims Conference conducts its operations in different countries. However, the accompanying financial statements are reported in U.S. dollars. Assets and liabilities are translated using the exchange rates in effect at the statement of financial position date. Revenue and expenses are translated based on a weighted average exchange rate for the year. The resulting translation gains and losses are reported as a component of the applicable net asset category.

Foreign currency transactions have been translated from Euros into U.S. dollars at (i) the prevailing rate of exchange at December 31, 2016 and 2015 (1.05155 and 1.09060), respectively, for assets and liabilities, and (ii) an average of the daily prevailing rates of exchange for the years ended December 31, 2016 and 2015 (1.10665 and 1.11006), respectively, for revenue and expenses. Foreign exchange transactions have also been translated from New Israeli Shekels (NIS) into U.S. dollars at (i) the prevailing rate of exchange at December 31, 2016 and 2015 (3.84352 and 3.89680), respectively, for assets and liabilities and (ii) an average of the daily prevailing rates of exchange for the years ended December 31, 2016 and 2015 (3.83567 and 3.87819), respectively, for revenue and expenses.

### (e) Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. The three levels in the fair value hierarchy are as follows:

- Level 1 Inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs are quoted prices for similar assets and liabilities in active markets or inputs that are
  observable for the asset or liability, either directly or indirectly through market corroboration, for
  substantially the full term of the financial instrument.
- Level 3 Inputs are unobservable inputs based on the Claims Conference's own assumptions used to measure assets and liabilities at fair value.

A financial asset or liability's classification within the hierarchy is determined based on the lowest-level input that is significant to the fair value measurement.

### (f) Interfund Accounts

The interfund accounts represent temporary advances (borrowings) principally related to reallocations of administrative expenses and borrowings against anticipated grants. The interfund balances, eliminated in combination, are generally settled during the following year.

### (g) Cash and Cash Equivalents

The Claims Conference considers all highly liquid financial instruments with original maturities of three months or less when purchased, other than those held in the investment portfolio, to be cash equivalents.

Notes to Financial Statements December 31, 2016 and 2015

# (h) Investments

The Claims Conference's investment policy is generally to invest in securities issued by the U.S. Treasury and U.S. Agencies having an average portfolio maturity of less than two years. The Claims Conference may also invest in Israeli government securities and short-term fixed income European AAA sovereign securities when feasible and prudent. Funds are also invested in U.S. money market accounts that invest in government and agency securities. The investment philosophy of the Claims Conference is based on the dual mandates of preservation of principal and liquidity in all environments and currencies. Investments are stated at fair value based on quoted market prices.

#### (i) Income Taxes

The Claims Conference is a not-for-profit agency exempt from U.S. federal income tax under Section 501(c)(4) of the Internal Revenue Code, and state and local income taxes. The Claims Conference is exempt from taxes in Germany and Israel based on local tax codes.

The Claims Conference follows Accounting Standards Update No. 2009-06, *Implementation Guidance on Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities*. Accordingly, the Claims Conference recognizes the effect of income tax positions only if those positions are more likely than not of being sustained.

### (j) Contractual and Other Obligations and Grants

Contractual and other obligations are recognized in accordance with the terms of contractual agreements for individual compensation programs. Grant obligations are generally recognized when the related allocations for institutional programs are approved by the Board of Directors. The majority of such obligations are scheduled to be paid in the next year.

#### (k) Restituted Properties and Compensation

The Claims Conference recognizes the estimated fair value of restituted property when it is awarded unconditional title to the property. Properties received are recorded at estimated fair value generally based on independent appraisals obtained when the property was recovered, subsequent evaluations, and comparable sale values. Actual proceeds realized will depend on market conditions at the time of the sale, and may be materially different from amounts currently recognized. If the Claims Conference recovers compensation in lieu of receiving a property itself, such compensation is recognized when it has been certified as to its value by the Regional Tax Authorities (Oberfinanzdirektion).

Certain costs related to the disposal of restituted property are deferred until such time as the sales on properties is realized, at which time such costs will be expensed as a charge against the sales proceeds. Other general expenses with respect to property administration are expensed when incurred.

#### (I) Reclassifications

Certain reclassifications of 2015 amounts have been made to conform to the 2016 presentation.

# (2) Cash and Cash Equivalents and Investments

Cash and cash equivalents and investments are primarily maintained in large international banks in New York, London, Israel, and Frankfurt. Certain accounts at these financial institutions in the United States have balances in excess of U.S. federally insured limits.

Investments and cash and cash equivalents, at fair value at December 31, 2016 and 2015, consist of the following:

# (4) Claims Conference as Successor Organization

### (a) Property Restitution and Compensation

Upon German reunification in 1990, the Claims Conference negotiated for the right of Jewish asset owners and heirs to file claims for assets in the former East Germany. Under the German Property Restitution Law, the deadline for filing claims for restitution of assets located in the territory of the former East Germany expired on December 31, 1992 for real estate claims, and on June 30, 1993 for claims against moveable assets. Thousands of Jewish claimants filed timely claims and recovered a significant number of assets or substantial amounts of compensation in lieu of restitution. The Claims Conference was designated under the Germany Property Restitution Law to be the successor for unclaimed Jewish assets (through its Successor Organization). The disposition of any net recoveries from the operation of this program is determined by the Board of Directors of the Claims Conference; accordingly, revenue recognized from sales of property restitution and compensation is classified as unrestricted in the accompanying statements of activities.

Revenue from sold and unsold restituted properties during the years ended December 31, 2016 and 2015 are comprised of the following approximated amounts:

| Description                           |     | 2016       | 2015       |
|---------------------------------------|-----|------------|------------|
| Compensation and other                | \$  | 53,987,800 | 27,553,500 |
| Restituted properties:                |     |            |            |
| Property additions                    |     | 855,100    | 172,400    |
| Realized gains on sales               |     | 2,977,100  | 5,959,000  |
| Translation and valuation adjustments |     | 301,100    | 131,200    |
| Other                                 | -   | 676,800    | 411,600    |
| Total                                 | \$_ | 58,797,900 | 34,227,700 |

As of December 31, 2016 and 2015, the total estimated fair value of unsold restituted property was approximately 1,431,900 and 2,084,700 (1,361,700 and 1,911,500), respectively. As of December 31, 2016 and 2015, respectively, the Claims Conference held 119 and 117 different parcels of property.

Certain costs relating to the disposal of restituted property, approximately \$2,109,500 and \$2,454,100 at December 31, 2016 and 2015, respectively, have been recorded as deferred costs in other assets. Such deferred costs will be charged against the proceeds upon sale of the related property. Other general expenses with respect to property administration are expensed when incurred. In previous years, the Claims Conference provided a reserve of approximately \$3,569,000 (€3,225,000) for potential litigation related to two properties. In 2016, the matters were positively settled, and accordingly, the reserve was reversed and is reflected on the statement of activities.

Notes to Financial Statements December 31, 2016 and 2015

# (b) Goodwill Fund

Notwithstanding its legal right to retain the full proceeds of the claims it makes as Successor Organization, the Claims Conference established a Goodwill Fund in 1994 in order to set aside funds for payments to certain Jewish asset owners or heirs who had not filed claims by the German-mandated deadline and, thus, were no longer legally entitled to the assets or their proceeds under German law, and who met the criteria of the Goodwill Fund.

The deadline for applications to the Goodwill Fund has expired in 2011 after various extensions to the deadlines were provided by the Claims Conference. In making its decision on this subject, the Board of Directors of the Claims Conference took special note of the fact that the Goodwill Fund had been accepting applications for a number of years, that there was uncertainty surrounding the ultimate number of applications that would be made to the Goodwill Fund, that applications are frequently for unclaimed properties that the Claims Conference had already recovered and sold with the proceeds having been allocated, and the need to decide whether to continue making allocations for homecare and other social needs of Holocaust survivors from Successor Organization funds.

In 2016 and 2015, the Claims Conference paid out approximately \$39,316,300 ( $\in$ 37,388,900) and \$14,436,100 ( $\in$ 13,236,900), respectively, under this program to original owners and heirs. Since inception, the Claims Conference has paid approximately  $\in$ 748,929,300 under this program. In addition, it has established reserves for Goodwill Fund applications that have been approved for payment. These reserves are classified as liabilities in the accompanying statement of financial position. These applications relate to various assets for which the Claims Conference has received proceeds. At December 31, 2016 and 2015, the reserve for the Goodwill Fund was approximately \$33,809,400 ( $\in$ 32,152,000) and \$37,681,300 ( $\in$ 34,989,800) and \$13,377,200 ( $\in$ 12,050,900), respectively.

#### (c) Designated for Goodwill and Late Applicants Fund and Other Uses

As of December 31, 2016 and 2015, the Claims Conference has designated amounts totaling approximately \$26,853,400 (€25,537,000) and \$54,434,000 (€49,912,000), respectively, for Goodwill and Late Applicants Fund and Other Uses. A description of the designated uses of the fund is discussed below.

In 2012, the Board of Directors approved the Late Applicants Fund (LAF) for €50 million for certain applicants who missed the deadline established under the Goodwill Fund. The LAF was open for a period of two years and commenced on January 1, 2013 and accepted applications from certain heirs of former owners of Jewish assets located in the former East Germany for which the Claims Conference received proceeds under the German Property Law of 1990. At December 31, 2016, the balance of this fund is €18 million (\$18,927,900).

Notes to Financial Statements

December 31, 2016 and 2015

The funds designated also include funds held for Goodwill applications where the approval process has not been completed, or where applicants may not be able to satisfy the routine additional documentation requirements and include funds with respect to applications where either the required documentary evidence has still not been presented, where heirs in a "community of heirs" have not yet been identified where an indemnification exists arising out of an agreement regarding certain properties, or where a final determination has not been made regarding the validity of certain Goodwill claims. Should these Goodwill Fund applications be approved in the future, the Claims Conference will recognize the obligation at that time. On an annual basis, the Claims Conference reviews the adequacies of these reserves and adjustments.

Designated for Goodwill and Late Applicants Fund and Other Uses also includes the portion of the values of properties restituted to the Claims Conference but not sold as of year-end that management estimates may in the future be subject to pending Goodwill Fund claims. As of December 31, 2016 and 2015, respectively, such values totaled approximately \$232,400 and \$211,600. A final assessment of any Goodwill Fund application associated with such properties will be performed when such properties are sold, and such amounts will be recorded as a liability if the application is approved. If such applications are not approved, the designation will be removed. In addition, Designated for Goodwill and Late Applicants Fund and Other Uses includes the portion of the proceeds of bulk settlements that management estimates may be subject to Goodwill Fund payments in the future.

### (d) Allocations and Grants

Allocations by the Board of Directors in 2016 and 2015 were approximately \$85,769,000 and \$112,921,000, respectively. These amounts are included in the accompanying financial statements, net of cancellations of approximately \$40,587,900 and \$28,498,000, for the years ended December 31, 2016 and 2015, respectively. In 2015, Successor Organization (SO) provided a grant allocation to a social service agency for which the funding sources was not finalized and recorded such amount initially as a SO expense. In 2016, when the allocation of the funding source was finalized, a cancellation was recorded by the SO for the amount of the grant, which is not funded by the SO. Such amount was \$32 million in 2016 and is included in the 2016 cancellations.

The 2016 decrease in the amounts granted results primarily from increased funding under the BMF Fund for In-Home Services (as discussed in note 5) as well as 2015 allocations, which included certain commitments designated for the 2016 through 2017 program years. Amounts are paid in accordance with the progress of the specific projects.

# (e) Designated for Programs

Effective December 31, 2016, the Board of Directors has approved approximately \$200,162,000 designated for programs. The Claims Conference anticipates utilizing these funds in future program years.

### (f) Designated for Contractual Obligations

In 2014, the Claims Conference and the German Government jointly established the Child Survivor Fund (CSF) for Jewish Child Survivors of the Holocaust. The Claims Conference and the German Government agreed that the total amount of the fund will be €175 million. The fund is intended to acknowledge the suffering of Holocaust survivors who endured unimaginable trauma in their childhoods. Commencing in

Notes to Financial Statements

December 31, 2016 and 2015

2015, eligible recipients received a special one-time payment of €2,500. During 2015, the Claims Conference approved payments of approximately \$86,758,000 (€78,156,000) of which \$59,943,200 (€54,000,000), was funded by the Successor Organization. The remaining payments under this program of €110,000,000 has been funded by the German Government (note 6(d)).

# (g) Designated for Longer Term Needs

The Board of Directors believes there will be direct and critical ongoing needs of Nazi victims over the coming years. Accordingly, net assets not otherwise designated, are designated by the Claims Conference to support longer term needs of Jewish victims of Nazi persecution arising after income from current Claims Conference activities declines, as well as a special fund for research, documentation, and education of the Holocaust. The amount available in these funds at December 31, 2016 and 2015 was approximately \$62,496,000 and \$102,500,000, respectively, which includes \$20 million board designated funds for research, documentation, and education.

# (5) BMF Fund for In-Home Services

In 2004, the Federal Republic of Germany reached an agreement with the Claims Conference to provide support for welfare organizations assisting Jewish victims of Nazi persecution. In 2014 and 2016, additional multiyear agreements were entered into between the Federal Republic of Germany and the Claims Conference that extends the "Fund for In-Home Services" until 2018. The amount, to be used as a "Fund for In-Home Services," as negotiated with the Ministry of Finance – Bundesministerium der Finanzen (BMF) are as follows.

|              |   | Supplemental       |                    |             |  |  |

Revenue and expenses related to BMF funding will be recognized when the welfare organizations are notified of the award and agree to the terms of the allocation letter. The Claims Conference received approximately \$14,800,000 (€14,087,500) and \$75,600,000 (€69,300,000) in 2016 and 2015, respectively, which was allocated in the subsequent year and recorded in revenue in the respective subsequent year, and included in deferred income in 2016 and 2015, respectively.

At December 31, 2016, the Claims Conference had approximately \$4.8 million in temporarily restricted net assets related to BMF Fund for In-Home Services.

# (6) German Government Compensation Funds

Since 1980, the Claims Conference has administered compensation programs on behalf of the Federal Republic of Germany. There are currently four such programs being administered: the Hardship Fund, the Article II Fund, the Central and Eastern European Fund, and the Child Survivor Fund.

# (a) Hardship Fund

In October 1980, the Federal Republic of Germany established a Hardship Fund primarily for those needy Jewish victims of Nazi persecution who were prevented from filing claims under the German indemnification laws by the 1965 deadline. The Claims Conference assumed the responsibility for the administration of the Hardship Fund under guidelines established by the Federal Republic of Germany. The guidelines limit individual payments to DM 5,000 (€2,556) per person, which aid Jewish victims of Nazi persecution, and provide for administrative costs to be incurred by the Claims Conference. In 2012, this program was expanded to include all Jewish victims of Nazi persecution living in areas of the former Soviet Union and to Eastern European countries, including those, which are part of the European Union.

Approved payments to individuals from the Hardship Fund were approximately \$42,365,700 and \$108,925,300 (€38,282,800 and €98,125,600) for 2016 and 2015, respectively.

# (b) Article II Fund

In 1992, the Federal Republic of Germany agreed to pay a pension to certain survivors who (i) were in a concentration camp, ghetto, or hiding for a minimum of a specified duration, (ii) are below a defined-income limit, and (iii) have received little or no compensation. Liberalizations to the eligibility criteria have been negotiated subsequently.

Approved payments to individuals from the Article II Fund were approximately \$227,682,200 and \$213,036,300 (€205,740,000 and €191,914,200) during 2016 and 2015, respectively.

Approximately, €244,032,300 and €286,931,100 of Hardship and Article II funding was received for the years ended December 31, 2016 and 2015, respectively, and is included in the accompanying financial statements at the translated amounts of approximately \$270,058,300 and \$318,510,700, respectively, excluding administrative reimbursement of expenses.

### (c) Central and Eastern European Fund

In 1998, the Federal Republic of Germany agreed to provide funds to a Central and Eastern European Fund (CEEF) for Holocaust survivors according to the same persecution related criteria as established under the Article II Fund. In 2016 and 2015, respectively, approximately \$68,523,700 (€61,919,900) and \$63,862,000 (€57,530,200) in funds were provided under this program.

Approved payments to individuals from the CEEF were approximately \$68,366,400 and \$64,042,400 (€61,777,800 and €57,692,800) during 2016 and 2015, respectively.

Notes to Financial Statements December 31, 2016 and 2015

### (d) Child Survivor Fund

As discussed in note 4(f), the Claims Conference and the German Government jointly established the CSF for Jewish Child Survivors of the Holocaust. Approximately \$95,394,800 (€86,201,000) in funding was provided by the German Government under this program for the year ended December 31, 2016.

Approved payments to individuals from the CSF were approximately \$95,103,100 and \$86,758,300 (€85,937,800 and €78,156,400) during 2016 and 2015, respectively, of which the first \$59,943,200 (€54,000,000) in payments made in 2015 were funded by the Successor Organization. All remaining payments under this program are funded by the German Government.

#### (e) Net Assets of the German Government Funds

The German Government Funds have a deficit in unrestricted net assets at December 31, 2016 and 2015 of approximately \$5.7 million and \$27.0 million, respectively, due to excess of administrative costs over administrative reimbursement. Such reimbursements are recognized as revenue when the claim is approved and funding is received. A request for reimbursement of the administrative finding deficit of approximately \$5.7 million at December 31, 2016 has been submitted, which is pending review and approval by the German Government. In 2016, approximately \$44,983,900 (€40,648,700) was received for administrative reimbursement of expenses (of which \$19,248,000 related to prior years). No funds were received for administrative reimbursement of expenses in 2015. Temporarily restricted net assets of \$6.5 million and \$6.3 million at December 31, 2016 and 2015, respectively, represent funding received for individual compensation payments to be used in the subsequent year.

### (7) Other Program Funds

The column headed "Other Program Funds" in the accompanying financial statements consist primarily of the following programs:

- (a) Beginning in 1991, the Austrian government agreed to provide funds to the Committee for Jewish Claims on Austria for institutional projects benefiting aged Jewish victims of Nazi persecution from Austria. In 2016 and 2015, the Austrian government entered into new agreements for the same purposes. Under these new conditional agreements, the Austrian government agreed to provide an additional amount up to €1,500,000 and €1,700,000, respectively. In 2016 and 2015, the Claims Conference received and allocated funds of approximately \$1,664,000 (€1,500,000) and \$1,925,600 (€1,700,000), respectively.
- (b) In 2014, The Harry and Jeanette Weinberg Foundation (Weinberg Fund) agreed to make a \$4,000,000 conditional grant, payable over a three-year period, to the Claims Conference to provide emergency assistance to Jewish victims of Nazism in North America. During 2015, \$1,500,000 was allocated under this agreement, which represented the remaining balance of the \$4,000,000 grant.
- (c) On January 23, 1999, a settlement agreement was signed by a number of Swiss banks relating to acts of the banks and other Swiss entities connected with the Nazi era. The settlement agreement was under the jurisdiction of a U.S. Federal court (the Court). The Looted Assets class of the above referenced settlement agreement, provided humanitarian aid over a ten-year program, which under the terms of the Plan of Allocation and Distribution of Settlement Proceeds (Distribution Plan) ended in July 2011. The Claims Conference was responsible for implementing this program on behalf of the Court to benefit emergency assistance programs for elderly Jewish victims of Nazi persecution, excluding those residing

in the former Soviet Union. The Claims Conference's policy is to allocate such funds when the cash is received. During 2016 and 2015, funds of approximately \$4,877,600 and \$3,093,750, respectively, were allocated under this program.

(d) In 2016 and 2015, the Caritatea Foundation in Romania agreed to provide additional funds to support the Claims Conference emergency assistance program in Israel. The grant is to be used primarily to benefit Jewish victims of Nazi persecution of Romanian origin who are financially vulnerable and living in Israel. During 2016 and 2015, the Claims Conference recognized funds of approximately \$1,375,000 and \$2,225,000, respectively, under this program. During 2016, \$3,086,300 was allocated under this program. In 2015, there were no new allocations made under this program.

Temporarily restricted net assets related to the grant are approximately \$445,000 at December 31, 2016.

(e) The International Commission on Holocaust Era Insurance Claims (ICHEIC) was formed pursuant to a Memorandum of Understanding (MOU), dated August 26, 1998, to facilitate the payment of unpaid Holocaust era insurance policies to valid claimants. In June 2007, the Claims Conference and ICHEIC entered into an agreement whereby ICHEIC transferred to the Claims Conference its remaining current and future humanitarian funds as detailed in the agreement. The Claims Conference assumed the responsibility for overseeing the distribution of such funds in accordance with guidelines as determined by ICHEIC prior to its closure. Under this agreement, in 2016 and 2015, no additional funds were received. During 2016, there were no new allocations made and during 2015, approximately \$700,000 was allocated under this program.

Temporarily restricted net assets related to ICHEIC of approximately \$3,503,000 at December 31, 2016 are to be used for the educational programs of Yad Vashem and the Jewish Agency for Israel in accordance with the stipulations provided by ICHEIC.

(f) In 2016, The URO Charitable Trust Limited (URO) and the Claims Conference entered into a grant agreement for £2,000,000 for ongoing social assistance or emergency one-time grants to Jewish victims of Nazi persecution. During 2016, the Claims Conference received \$2,440,000 (£2,000,000) and allocated funds of approximately \$1,000,000. Temporarily restricted net assets as of December 31, 2016 include \$1,440,000 related to this grant.

In addition, the Claims Conference also has acted as an agent in the processing of grant funds as approved by the URO Board of Directors. Funds, which are not yet disbursed, are held in due to cooperating organizations on the statement of financial position. As of December 31, 2016, this amounted to \$1,634,600.

### (8) Contingencies

The Claims Conference is party to various litigation and other claims in the ordinary course of business. In the opinion of management, the final disposition of these matters will not have a material adverse effect on the Claims Conference's financial position or changes in net assets.

In connection with compensation received for the settlement of a property claim, in March 2007, the Claims Conference provided the other party with an indemnity through 2025 of up to €4,500,000, in respect to

possible claims by certain heirs. As of December 31, 2016, no claims have been received from heirs. The contingent liability is not material to the financial statements.

The Claims Conference has an ongoing litigation matter involving a group of individuals claiming that the Claims Conference refrained from restituting to them assets of original property owners, which were recovered by the Claims Conference as Successor Organization pursuant to the German Property Restitution Law. In January 2016, the group filed a motion in Tel Aviv District Court in Israel to amend the amount of the joined claims for approximately NIS 28.4 million (\$7,200,000). In May 2017, a decision in favor of the Claims Conference was delivered by the presiding judge. On July 2, 2017, an appeal was filed by the Plaintiffs and oral arguments before the Supreme Court of Israel is scheduled for July 2018.

# (9) Commitments

# (a) Forward Currency Transactions

The Claims Conference purchases forward currency contracts in order to minimize risk from anticipated changes in currency values. Forward currency contracts represent agreements with counterparties to exchange currencies at an agreed-upon exchange rate at a point in time based upon predetermined notional amounts. These instruments involve credit and market risks, arising from the possible inability of counterparties to meet the terms of their contracts and from movements in currency values. The Claims Conference did not enter into such contracts in 2016. The notional amount at December 31, 2015 was approximately \$272,700,000, the fair value of which is not material to the financial statements.

### (b) Leases

The Claims Conference leases office space worldwide to facilitate the conduct of its own programs, and of programs it carries out under agreements with other parties. The approximate minimum annual rental commitments under these operating leases as of December 31, 2016 are as follows:

| 2017 |       | \$ | 2,238,600 |
|------|-------|----|-----------|
| 2018 |       |    | 1,858,800 |
| 2019 |       |    | 1,634,400 |
| 2020 |       |    | 1,144,800 |
|      | Total | \$ | 6,876,600 |

### (11) Subsequent Events

In connection with the preparation of the financial statements, the Claims Conference evaluated subsequent events after the statement of financial position date of December 31, 2016 through October 27, 2017, which was the date the financial statements were available to be issued, and determined that, except as disclosed in the following paragraph, there were no additional matters requiring disclosure.

(a) In January 2017, the Claims Conference negotiated an agreement with the Austrian government to provide funds to the Committee for Jewish Claims on Austria for institutional projects benefiting aged Jewish victims of the Nazi persecution from Austria. Under this agreement, the Austrian government agreed to provide up to €1,500,000 for 2017.
